

CHARDONNAY

ESSENTIALS COLLECTION

Tasting note

The 2025 Essentials Chardonnay is sourced from the cool-climate Templeton Gap AVA, where steady daytime temperatures and cool coastal evenings promote slow, even ripening while preserving the integrity of the fruit. This naturally results in vibrant aromatics, bright acidity, and exceptional freshness.

On the nose, expressive aromas of citrus, orchard fruit, and delicate floral notes lead into a palate that is energetic yet refined. Bottled unfiltered and unfiltered, the wine retains its natural texture and depth, delivering a full, layered mouthfeel with balanced structure and a long, clean finish. The combination of lively acidity, aromatic purity, and careful winemaking creates a Chardonnay that is both refreshing and beautifully composed.

Appellation: Templeton Gap District
